

Dear Revenue Managers & Hospitality Professionals:

We'd like to present an opportunity to participate in a Hospitality Program that requires little effort or expense yet provides great benefit rewards including:

- Earn revenue share & other benefits from money spent by guests off property.
- Reach online travel shoppers.
- Engage with visual merchandising.
- Leverage Facebook & Twitter as a referral source to your booking engine.
- Provide guests a free community website amenity and special offers from local businesses.

My name is Randall Harmon CEO & President of Seeingit.com – a community concierge and a patent-pending Interactive Business Promotion System. I've been in this industry since 1986 as a tour operator then a Mitel PBX, and Internet technology national account manager for Choice Hotels Int'l and Best Western. Now, I devised a program that helps hoteliers while also enhancing their guest experience.

The Opportunity [\[for Hotels\]](#)

Based on national room occupancies, for every 100 rooms 83 guests are eating breakfast, lunch and dinner somewhere and spending more money on shopping, entertainment and at area attractions. To track your hotel as the referral source, our website automatically inserts "Referred by" and your address on coupons and promotions offered by participating restaurants and businesses

Publishing Visual & Social Media Content [\[watch video\]](#)

Spend less time and effort. With only one form to log into and all the rich media elements available on it, publishing video, coupons, and time sensitive promotions to Twitter and Facebook is instant.

SEO URL & Video Player URL's

We provide you with 3 URL's for repurposing such as submitting to search engines or embedding the links on your website. 1) SEO landing page; 2) Live Streaming Video Player; 3) Recorded Video Player.

Value Added Guest Amenity

As a community website, we are a great resource your guests and staff. It can use to locate food, shopping, entertainment, and day trip options. With our 1-click MAP IT feature, turn-by-turn driving directions can be printed or sent to a Smartphone, saving time and enhancing the guest experience.

Getting Started

Provided that your hotel is listed on Seeingit.com with contact information, and your subscription to our "Media Bundle" is current, managers will remain informed and your hotel will participate in negotiated revenue share opportunities, loyalty awards, special incentive discounts and coupons we obtain on your behalf.
